

7m - 11.5m Moog Truck Mounted Platform

UBM 1

Designed to provide safe, stable access beneath structures, this versatile work platform accommodates up to four operators and is ideal for inspections, maintenance, rehabilitation, and concrete or steel repair projects. Perfect for bridges, wharves, and jetties, it features fast setup and pack-up to maximise productivity. A generator, screw compressor, pressure washer, and water pods are all included at no extra cost, giving you everything you need to get the job done.

Max Platform length under bridge	7m - 11.5 m
Max Platform length alongside bridge	7m - 11.5 m
Max lowering depth	6 m
Width of platform	1 m
Side walk clearance	2 m
Hand rail / Barrier max clearance	2.3 m
Operational footprint	2.5 m
Max load at end of telescopic platform	120 kg
Safe working load across platform	500 kg
Rotation of platform under bridge	180° degrees
Deployment side	Left only

Truck Specs

Traveling height (stowed)	3.5 m
Traveling width	2.5 m
Traveling length	11.3 m
Overall weight (approx)	20,000 kg

m = Metre
kg = Kilogram

Included Accessories:

Equipment installed on unit available for client usage.

- 3-phase 18KVA Generator
- Screw Compressor 100CFM
- Electric Pressure Cleaner 3200psi
- Water Tank - Capacity to carry 2000L
